

**Chlorine and its derivatives 2017**  
*Hotel Baltshug Kempinski, Moscow, March 29, 2017*

---

**IMPLEMENTATION OF THE JOINT PROJECTS IN THE  
CHLOR-ALKALI INDUSTRY**

**10.00-10.30** The experience gathered and problems spotted out in implementing the joint projects involving cooperation of the Russian and foreign engineering companies

*Mr. Andrew Zaijtsev*  
*LLC "Hyprochlor", Irkutsk*

*Ms. Tat'yana Usova*  
*JSC "National Chlorine Safety Centre", Moscow*

**10.30-10.45** Performance analysis of approach to containing the chlorine waves with the use of water curtains

*Mr. Edward Granovskij*  
*Scientific Centre for Learning Risks at "RIZIKON" Co. Ltd.,  
Moscow*

**EQUIPMENT FOR THE CHLOR-ALKALI INDUSTRY**

**10.45-11.00** Design engineering and commercial use of the chlorine compressors

*Mr. Evgeny Ibragimov*  
*JSC "Niiturbokompressor", Kazan*

**11.00-11.15** Application of the liquid-ring compressor installations at the chlor-alkali production facilities

*Mr. Ruslan Kalimullin*  
*LLC "Infinit Group", Moscow*

**11.15-11.30** Control valves for liquid & gas chlorine Technical & Safety concerns in chlorine control

*Mr. Gaetan Di Pietra*  
*«descote S.a.S.», France*

**11.30-12.00** Coffee break

**12.00-12.20** The polymeric process piping systems

*Mr. Anton Babichev*  
*LLC "Aliaxis Utilities & Industry", Moscow*

**12.20-12.40** Manufacture of equipment including the containers, storage tanks, and pipes for use in transportation of the chlorine-containing and aggressive substances

*Mr. Eugen Beloborodov*  
*LLC "MetallPlastMontazh", Kurgan*

**Chlorine and its derivatives 2017**  
*Hotel Baltschug Kempinski, Moscow, March 29, 2017*

---

**12.40-13.00** Applicability of the polyethylene reservoirs to the chlor-alkali industry tasks

*Mr. Denis Garbuz  
LLC "UNIKOM", Pervouralsk*

**13.00-13.20** Thermal mass flowmeters of the FCI series: the gas measuring instruments applicable to the task of measuring both chlorine and other gases at the chlor-alkali production facilities for the purposes of both the technological and commercial record keeping

*Mr. Nikita Fridman  
LLC "NTA-Prom", Moscow*

**13.20-13.40** Control instruments in measuring the hydrogen content of chlorine

*Mr. Alekseij Mikhajlov  
LLC "Research and Production Company 'INKRAM",  
Moscow*

**13.40-15.00** Lunch

**PROBLEMS FACED IN TRANSPORTATION OF CHLORINE**

**15.00-15.20** Problems that need to be tackled in tracking the freights of liquid chlorine and hydrochloric acid

*Mr. Sergey Gurin  
LLC "Scientific-Production Association 'Transport  
Cybernetics"*

*Mr. Alekseij Mikhajlov  
LLC "Research and Production Company 'INKRAM",  
Moscow*

**15.20-15.40** The production launch and design improvement programs for the chlorine railway tank-car

*JSC "Zavod Metallokonstruktsy", Engels  
(the speaker candidacy is still being selected)*

**15.40-16.00** Design engineering and launching into manufacture of a tank-container for bulk transportation of chlorine

*SZAO "Osipovichi Wagon-building Plant", Osipovichi,  
Republic Belarus  
(the speaker candidacy is still being selected)*

**16.00-16.20** Prospects of tank-containers CIMC for being both certified and introduced into the Russian market

*Mr. Andreij Kupriyanov  
Nantong CIMC Tank Equipment Co., Ltd, China*

**Chlorine and its derivatives 2017**  
*Hotel Baltschug Kempinski, Moscow, March 29, 2017*

---

**16.20-16.40** Setting up the production of reservoirs and cargo containers at the facility of LLC “Production Asociation ‘Factor”

*Ms. Polina Zlatkina*

*LLC "Production Asociation 'Factor", Moscow*

**16.40-17.00** Discussion and closing up of the conference
